- Next tasks in the project
- Next meeting date and programme proposal in Norway – Lofoten islands April/May 2019  
*The 2nd partner meeting will take place in April 2019 in Norway. Lofoten is chosen as an environmentally sensitive area with high tourist flows where lots of effort is put in sustainable and eco friendly management. The meeting program would include a visit to best practice tourism businesses to observe sustainability aspects and source materials for learning contents. The partner meeting will also discuss the necessary details for development of on-line training parts (contents, on-line check list, printable reference handbook).*
