## The Great Ķemeri Bog Boardwalk

This one day outing is suitable for groups (walking group: 8-20 persons, bigger groups will be splitted in max 20 persons in each group) and can be considered as an add-on to a tour programme.

The Great Ķemeri Bog Boardwalk is a popular tourist destination in the Ķemeri national park, offering visitors a chance to explore the bog and its inhabitants. The boardwalk takes visitors to the world of moss, small pine trees, deep pools, tiny dark lakes, and the smell of wild rosemary. The astute visitor will notice the carnivorous plant of sundew, and a variety of birds – wood sandpipers, white wagtails, tree pipits, and also hear cranes further away. Those who prefer shorter strolls can take the small boardwalk arc (~1.4 km), while those who choose the great arc (~3.4 km) will be rewarded with the opportunity to climb an observation platform that offers a magnificent view of the bog from above.

The Great Ķemeri Bog Boardwalk has become a popular place for photographers of nature scenes in Latvia, regardless of the season or weather.

## Practical info

Participants are advised to wear comfortable clothing. The route in all its length is covered by a wooden boardwalk, it is accessible and can be walked also without guidance of a specialised professional nature guide.
