“Practice based training tool for safety and security in European rural tourism”

4th partner meeting
May 26, 2014
Bergen, Norway

What we have done

Publications on our website

- homepage with basic info and link project site
- submenu with presentation of the project
- news for the handbooks
- 2 press releases
- 2 workshops
- 1 trip to research regional differences in safety regulations

Handbook - national version

Difficulties

- lack of specific regulations for rural tourism
- safety regulations for accommodations are based on hotel and the smaller accommodations sometimes can't cover
- lack of regulations for outdoor activities
- the official statistics for tourism is based on border police statistics
- many accommodations are not friendly for disabled people

... Handbook - national version

- can't sell homemade food - from 2013 guest houses can prepare homemade food for their guests but still can't sell their jams, vegetables, fruits, meat, etc.
- no regulations for allergens, pets, sauna, fitness and other indoor activities

What we plan to do

Press realise for the national version of the Handbook - June 2014

Demo of the handbook to our members
June - July 2014

Collection of pictures for the regulations
July - August 2014
