- LC will send out Google drive link to all partners with meeting presentations, project documents, logo information etc.
<https://drive.google.com/drive/folders/1ajpOY99ZWNofGb8n6OjOKZzS37EqXWFB>
- All partners must make sure to use the new project logo
<https://www.nordplusonline.org/Documents2/Logos>
- First project report on June 2019, important that project partners during the working months post all the project related activities in their web sites
- WP2 Handbook structure will be developed in ENG
https://docs.google.com/document/d/1Ur_Jr_wR4ALoyUHjszTt-kx-cL1E_ljSfdwpMxjuFAM/edit , afterwards translated in EE and NOR
- All partners are asked to share information between each other (links, websites) regarding to sustainable tourism
- Olustvere School is responsible for the training content and presentation
- Information by partners on sustainable tourism (accommodation, activities, destination, open farms , catering etc.) initiatives in their countries

Estonia

- green certification criteria can be found on www.maaturism.ee ,
- Estonia has Eco Tourism association which at the moment is not very active.
- The plan is for Estonian partners to integrate EHE sign certification (<http://www.maaturism.ee/index.php?id=ehe-en>) into online version same as Lauku Celotajs (<https://www.celotajs.lv/lv/cert/appl/selfeval/2?151>)

Norway

- HANNEN tourism has developed ecotourism criteria <https://norsk-okoturisme.hanen.no/> , which could be updated online as example taking Lauku

Lauku Ceļotājs

Baltic Country Holidays

Celotajs online criteria <https://www.celotajs.lv/lv/cert/appl/selfeval/2?151>

- Sustainable destination in Norway?

- Jan will look into options to arrange the meeting with some authority from Lofoten islands during 2nd Partner meeting in Norway on May 2019
- Second partner meeting will take place in Norway together with study tour in Lofoten 12-15th of May 2019
- LC corrects and updates Handbook chapters and general structure and link will be sent out to all partners.
- Handbook content will be translated into NOR and EE by end of the 2018
- Make sure that examples included into Handbook are not theoretical but realistic from life.
- All partners have to decide on Online check list solutions before the second partner meeting on May 2019.
- Take the table for best practice cases from Farmshop project
- Partners agree on deadlines for each task, which are included in project's PP last slide presentation.
