

Summary of Suiti open cafe day August 24, 2019

24 th of August 2019 second open Cafe Day event in Latvia took place in Suiti land. Only for one day people of Suiti opened their doors in total 20 cafes – 16 in Alsunga, 3 in Jurkalne and 1 in Bāsi. We have summarised questionnaires from Open Cafe hosts and extracted feedback from visitors.

The hosts admit that attendance at the event was very high but they were well prepared and the fact that event took only one day was very important and made it easy to handle. In spite of intensive day and so much work during the event everyone admit that event felt special like National Holiday party where both sides-visitors and organisers got so much positive emotion that they would definitely participate again next year.

- **VISITORS VARY between 300- 400 up to 850 per house**

Answers from Open Cafe's Hosts:

Feedback from Open Cafe's Hosts:

- All guests were satisfied with service and variety of food, some guests prefer smaller portions to be able to visit more places ;
- It was amazing that visitors age ranged from 0-80+
- Visitors suggested to have additional toilets at least in the city;
- Many unpredictable situations, as an example all seats were booked up and we received last minute reservation from ex president R. Vejonis and his wife;
- Was easy to welcome guests with special needs (wheelchairs);
- Great opportunity to open up creativity –in food preparation, souvenirs, room and garden decoration as well activities and games;
- Wonderful chance to make alive Old school Park and other places where usually is quite;
- We gained confidence that we –simple people have so much power in our hands to do good and make interesting presentations for visitors;
- Brochures with an event description and information should be given out earlier;
- Next time to think more carefully for clear signs and direction instructions;
- We felt so proud about suiti culture.

Feedback from Open Cafe's Visitors:

- Feeling was like it is National Holiday day- friends and family celebration;
- Hopefully to be organised next year to make it a tradition;
- Enjoyed suiti performances, singing and Dudas instrument play
- Impressed by Basi traditional house-beautiful exposition-very modern way to present traditional heritage;
- Excellent suiti , kitchen, very hospitable hosts, great atmosphere;
- Enjoyed learning suiti dialect, fun and very different from latvian;

Vienas dienas kafējnīca Alsungā iekārtota arī Raiņa ielā 20 Anitas Puncļavas mājas pagalmā. Rīdziniekiem Helēnai Koreņevskai, Gatim Lagzdiņam un Lilai Lagzdiņai gaileņu zupa garšojot lieliski.
