Education for Nature based Services

Wilderness guide

The wilderness guide will plan and carry out safely different kinds of outdoor tours in all the seasons of the year.

WQ will take notions of the sustainability of nature, and the physical abilities of his customers, as well as their social and cultural background.

WQ will give a talk to his customers on the nature of his province, its people, livelihoods, and history.

Education for Nature based Services

Wilderness guide

The aim of the program is to train the students to take the Nature and Wilderness Guide's Proficiency test and to create a co-operation network as early as possible during their studies.

This will help the students to create their own businesses after they achieve their Diploma.
